Product Type: Community Venture Capital

Product Summary:

Underdog Ventures designs and manages customized single investor community venture capital funds. Each venture fund integrates socially responsible investment, community investment and philanthropic components. We create innovative and customized investments to meet the specific needs of each of our investors, each of whom has a dedicated venture fund that invests in areas that they choose. Clients can set geographic, demographic and industry priorities. In all cases, Underdog Ventures will target its investments to companies with strong commitments to their workers, communities and environment.

Minimum Investment:

Minimum investments are \$10 million, allowing the development of a diversified portfolio of targeted companies.

Targeted Investors:

Accredited investors, either high net worth individuals or institutions.

The Role of the Underdog Foundation:

The Underdog Foundation, a sister organization to Underdog Ventures, plays an active role in grantmaking, technical assistance and mentoring in the same interest areas. Investors, entrepreneurs and the founders of Underdog Ventures have participated in the Underdog Foundation.

Unique Benefit:

With Underdog Ventures, investors receive the benefit of a team with access to unique deal flow, the ability to structure highly innovative deals, a commitment to maximizing the impact of the investor, and seasoned veterans in socially responsible investment and community investment. In addition, Underdog Ventures customized funds allow investors to fine tune and maximize their impact.
